Reasons for Allowance

1. Applicant's argument on the "increasing of the pressing force" in Paper # 6 filed on 05/04/2004 is persuasive. Claims 1-4 are allowed.

2. The following is an examiner's statement of reasons for allowance:

- With regard to claims 1-3; as the closest reference, Nagatsuka (US 6,038,100) shows a magnetic tape device including: a pair of right and left guide plates, a tape cassette moving table, a guide rod, a cam, and wherein when the moving table is pushed-in from the cassette inserting position in the backward motion direction, the guide rod transfers a pressing force onto the cam; **but fails to show** the increase of the pressing force of the press spring.
- Applicant shows in Fig. 7B that the slot, wherein the guide rod is engaged, was narrowed down at the bottom portion, which causes the increasing of the pressing force; thus preventing the moving table from being pushed back in the direction of forward motion (Specification, p. 20, lines 6-15).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
